TxDOT teams with Houston area consulting firm for small business development and growth

HOUSTON, TX – January 1, 2018 - TxDOT wants to ensure small players aren't left out of potential contracting opportunities! Beginning in January 2018, the Civil Right Division (CIV) has teamed up with Houston area consulting firm, MPACT Strategic Consulting, to launch TxDOT's updated DBE Alliance Program. The Alliance Program provides outreach and networking opportunities, project – matching assistance between subcontractors and prime contractors, as well as access to training in the areas of business development, business management and construction management for DBEs and potential DBEs.

For additional information on how to join the TxDOT DBE Alliance program or to learn more about the small business certification process, we invite you to join our training and support workshops located on our website at Txdotalliancehouston.com or visit the TxDOT/alliance program website for information on how to become certified.

#####

MPACT Strategic Consulting is a strategy and program management consulting firm focused on delivering iMPACTful solutions and innovation to public and private sector clients. Our team implements strategies that empower clients to achieve measurable and significant operational and performance growth.
